

why team build

TEAM WORK Learn how to effectively work together creates efficiency

COMMUNICATION Good communication is vital to every successful team

FUN Reinforces the value of having fun

BONDING Provides the opportunity to learn about one another

LEADERSHIP Helps identify leadership qualities in individuals

CONFIDENCE Helps learn confidence in yourself and team members in a non-threatening way

TRUST Learn more about each other

Habitat provides “a hand up, not a handout.” Our partner families are the hard-working poor earning between 30-60% of the median income living in unsafe, dilapidated, or unaffordable housing. Families pay for their home through a 30-year, 0% mortgage. Each partner family contributes at least 350 “sweat equity” hours working along side volunteers to help build their home and participate in homeowner and financial classes.

VISION

A world where everyone has a decent place to live.

MISSION

Seeking to put God's love into action, Habitat for Humanity-La Crosse Area brings people together, providing families with a place to call home.

every team
can make a difference

together we build community

from raising the first dollar and walls to passing the key to the new homeowner

*Volunteers are
the heart
of Habitat for
Humanity.*

Habitat welcomes all ages and experience levels. No previous construction skills are needed. Habitat will provide the tools and training you need for success. By participating in our build programs, you will play an important role in helping to break the cycle of poverty, strengthen our community, and build a brighter future for a local family. So whether you are an expert with power tools or have never swung a hammer, you are invited to be a part of our team build programs!

COMPANY BUILD

Our build program provides companies the opportunity to build strong relationships while building homes and strengthening communities. Teams members will communicate and work together to provide a visible, tangible outcome. By developing new skills and collaborating as a team, employees will return to the workplace motivated, connected, and inspired. Benefits include: increase visibility in the community, create stronger relationships, and develop communication skills.

CREW BUILD

Community Revitalization & Engagement through Work (CREW) brings organizations, businesses, friends, and/or family to work on our construction sites together while raising funds and awareness for Habitat.

WOMEN BUILD

Our Women Build program brings women from all walks of life together to learn construction skills in a safe, comfortable atmosphere that they might not otherwise have the opportunity to learn and use those skills to help build safe, decent, and affordable homes for families in need. Women Build is not about excluding men, it's about including women and empowering them to make a difference in their communities.

FAITH BUILD

Faith Build invites all faiths to make a positive impact in our community. Habitat projects help a faith organization fulfill its mission to minister to persons in need and brings energy to a congregation, allowing them to experience spiritual growth through their service to others.
